I thinck and advice to cordinate the trip (bottom line)to go togther to all at least part .in Doha , Abu Dhabi and Saudi . For this trip to prepaire nax internally , using what Nir is doing now on some presnatation material ,so both prenatation looks alile with same style . AISo we discussed in NY , to have one master presnatation cover the group .but that is only for general info . The sepatae European and US one should be more detailed one with much more info and clear message .

Than after the Gold trip , I think we should sit together and asses together what will be the next step in raising money . We all agree that this is the key capapcity for future large transaction . I think Chris Roller desk is large and cover a lot , and acsses is there !

My biggest question is what we try achive in clear message ? Stand by soft comitement to invest in stand alone deals ? Is it clear enough ? Can we count on it ?is there anther way ?

Best Beny

&lt;div&gt;Absolutely ! On the returns we don't have to show
individual transaction results but it's important to be able to
say that we've invested x million of equity to buy y million of
assets over z number of deals in so many countries&lt;br /&gt;

&lt;br /&gt;
This is a very good starting point but we need to make certain
improvements&lt;br /&gt;
&lt;br /&gt;
1. Can we have a map with our offices/presence ?&lt;br /&gt;
2. Similarly can we have a map with all the transactions that we
have executed with different colours for those exited and those
which are actively managed&lt;br /&gt;
3. Track record| I believe we need to show the amount of total
equity invested, over how many deals in how many countries and the
returns broken down in a) fully realised, b) partially realised or
unrealised and c) a + b&lt;br /&gt;
For our records we need to have the returns for each investment
even if we don't show it so Hans has to be fully involved&lt;br /&gt;
4. I have the bio of Luv and will update mine as well with some
more details&lt;br /&gt;
5,we need to add the new venture and it's strategy and talk a
bit more about the HFZ JV and future strategy as these are
important initiatives for the platform&lt;br /&gt;
5. I will also add some edits, different wording, spelling.&lt;br /&gt;
6. Since we will be travelling together I will also show to you
some generic presentations of other groups

274	Emails	11/04/2013 15:58:58(UTC+0)	From: Luv Shah realstate.com To: Advisor	<p>Hi – the other advisor mentioned I should share with you the job description I have put together for the Real Estate Asset Manager position we are trying to fill in New York. Attached is the long form, and the short form is below, along with a summary of our recruiting approach. Please let me know if you have any questions or comments.</p> <p>Short Job Description</p> <p>-Position Summary– Candidate will serve as the representative of BSG Real Estate in its newly formed joint venture with HFZ Capital, a prominent Manhattan-focused residential / mixed-use developer.</p> <p>-Responsibilities:</p> <ul style="list-style-type: none"> oAsset management of existing development transactions housed within the joint venture. Active involvement in all aspects of such transactions. oReview and analysis (inclusive of financial modeling) of new transactions within the NYC market. oSetting up and enhancement of reporting and accounting policies and procedures. <p>-Experience–3 to 5 years at a real estate developer, real estate owner / operator, or private equity / accounting / investment banking firm (with a focus on real estate transactions / funds).</p> <p>-Education–At least BA / BS with strong academic track record.</p> <p>-Compensation–Salary + bonus. Level will reflect responsibilities as well as value add / experience.</p> <p>Recruiting Approach</p> <p>My approach to recruiting is as follows, and allows us to cast a decently wide net without incurring too much expense:</p> <p>-Reach out to my own contacts, as I have been doing;</p> <p>-I have been put in touch with a headhunting firm calledJSB Partners.They are ex-big-4-accountants / consultants who now place people in various roles in real estate and other industries. Also, they don't require exclusivity or a retainer, and their fees are 25% of first year gtd. comp (pretty reasonable compared to the market). If we sign, they are ready to send us potential candidates ASAP, and fees are only due upon success; and</p> <p>-www.Select [http://www.Select] Leaders.com– This website was created during the downturn by some large real estate companies, and is a very good resource for junior to mid-level real estate focused candidates. It costs about \$450 to post a position, so is very affordable. The only downside is we will have to sift through many resumes, but I have found good candidates through this resource previously.</p> <p>Thanks,</p> <p>Luv Shah</p> <p>BSG Real Estate 600 Madison Avenue 17th Floor New York, NY 10022 USA</p> <p>D [REDACTED]</p> <p>O [REDACTED]</p> <p>M [REDACTED]</p> <p>Luv@bsg-realestate.com [mailto:Luv@bsg-realestate.com] www.bsg-realestate.com [././././././Program%20Files/Exclaimer/www.bsg-realestate.com]</p>	Yes

Below you can see by Gabriel going down to 9 directors it is a good move away from being among the highest in the sector (other Kaplan companies Novagold and Sunward also have 11, what does this say about his expense discipline?). I would think there is plenty more room to reduce the amount of mouths to feed. Two companies below have only four directors and I know of operating mining companies in Canada also with the minimum 4 directors.</p>
